ABOUT ME

I am a passionate and dedicated software and web developer with hands-on experience in Java, C++, Python, HTML, CSS, and SQL. I have a strong understanding of object-oriented programming, problem-solving, and database management, along with experience building both console-based and GUI applications. I enjoy turning ideas into functional applications and continuously work on improving my technical skills by learning new technologies and applying them in real-world projects. I am highly motivated, adaptable, and eager to contribute to a professional development environment.

EDUCATION

2024-2028

Sukkur IBA University

Bachelor of Computer Science

Bachelor of Science in Computer Science (BSCS) with a strong academic foundation in programming, databases, software development, and problem-solving, supported by practical coursework and projects.

2022-2023

Trade Testing Board

Diploma in Information Technology

Diploma in Information Technology (DIT) with practical knowledge of web development, databases, and core IT concepts.

EXPERIENCE

2025 - NOW

Sukkur IBA University

Executive in Computer Science Society

Served as an executive member of the Computer Science Society, where I actively contributed to the planning and organization of technical events, workshops, and academic activities. I worked closely with team members to coordinate events, manage student communication, and support logistical arrangements, which helped me develop strong teamwork, leadership, and organizational skills.

2019-2024

Habib Medical and
General Store

Supporting Staff

Worked as supporting staff at Habib Medical Store, assisting in daily store operations including customer service, inventory management, and medicine arrangement. I supported basic sales activities and record maintenance while working in a fast-paced environment, which strengthened my sense of responsibility, time management, and interpersonal skills.
